

Envoy Pro EX

Quick Start Guide

Package Contents

Envoy Pro EX
USB 3.1 Gen1 Cable
Carrying Case

Getting Started

- To begin using the Envoy Pro EX, connect it to your computer via the included USB 3.1 Gen1 Cable (OS X 10.6 or later required for Apple Mac, Windows® XP or later for PC).
- The Envoy Pro EX comes with the OWC Drive Guide utility. This application is pre-installed to assist you with formatting the drive. Double-click the Drive Guide icon and follow the prompts. For more help, visit: www.owcdigital.com/format
- If your computer does not recognize the Envoy Pro EX when it is connected, make sure both ends of the cable are attached securely. You can also try plugging the cable into a different USB port on your computer.

over

Important:

Opening the Envoy Pro EX enclosure prior to the expiration of the 3-year Limited Warranty will **VOID** the warranty. Please contact OWC technical support if you need assistance.
